WHO ARE WE?

About Integral Group

Integral Group is a leading sports facilities construction and sports facilities' products manufacturing company internationally for over 25 years.

Our mission is to contribute to the development of sports and healthy living with innovative and sustainable solutions.

We specialize in the design and construction of various facilities such as stadiums, sports complexes, indoor sport halls, sports academies and training centers, athletics tracks, racecourses, motorcycle race tracks, swimming pools and padel courts.

We pride ourselves on producing projects to international standards. By building facilities that meet the criteria of prestigious organizations like FIFA, World Athletics and ITF, we have proven our quality and reliability.

The strength of our company lies in our expert technical team. Our ability not only to deliver projects

of high quality but also to complete them in record time is a significant factor that makes us competitive in the industry.

Integral Group has made an international impact by exporting to 90+ countries worldwide, serving our global customers with sales and marketing departments fluent in six different languages.

Conscious of our responsibility to society, we develop environmentally friendly projects and actively participate in social responsibility activities.

Our future goals are to contribute further to the development of sports and healthy living with innovative and sustainable projects and to strengthen our leadership position internationally.

At Integral Group, we believe in the power of sports and continue to progress on this path.

Integral Group builds and manufactures sports facilities.

Our quality and reliability have been proven by FIFA, World Athletics, and ITF.

The company exports to 90+ countries around the world.

Mission

Our mission at Integral Group is to contribute to the development of sports and healthy living with innovative and sustainable solutions.

Together with our expert technical team, we aim to provide projects of international standards that add value to our customers and society. Striving for excellence in every project, we work towards delivering quality and reliable services.

Innovative and sustainable solutions for sports and healthy living.

Vision

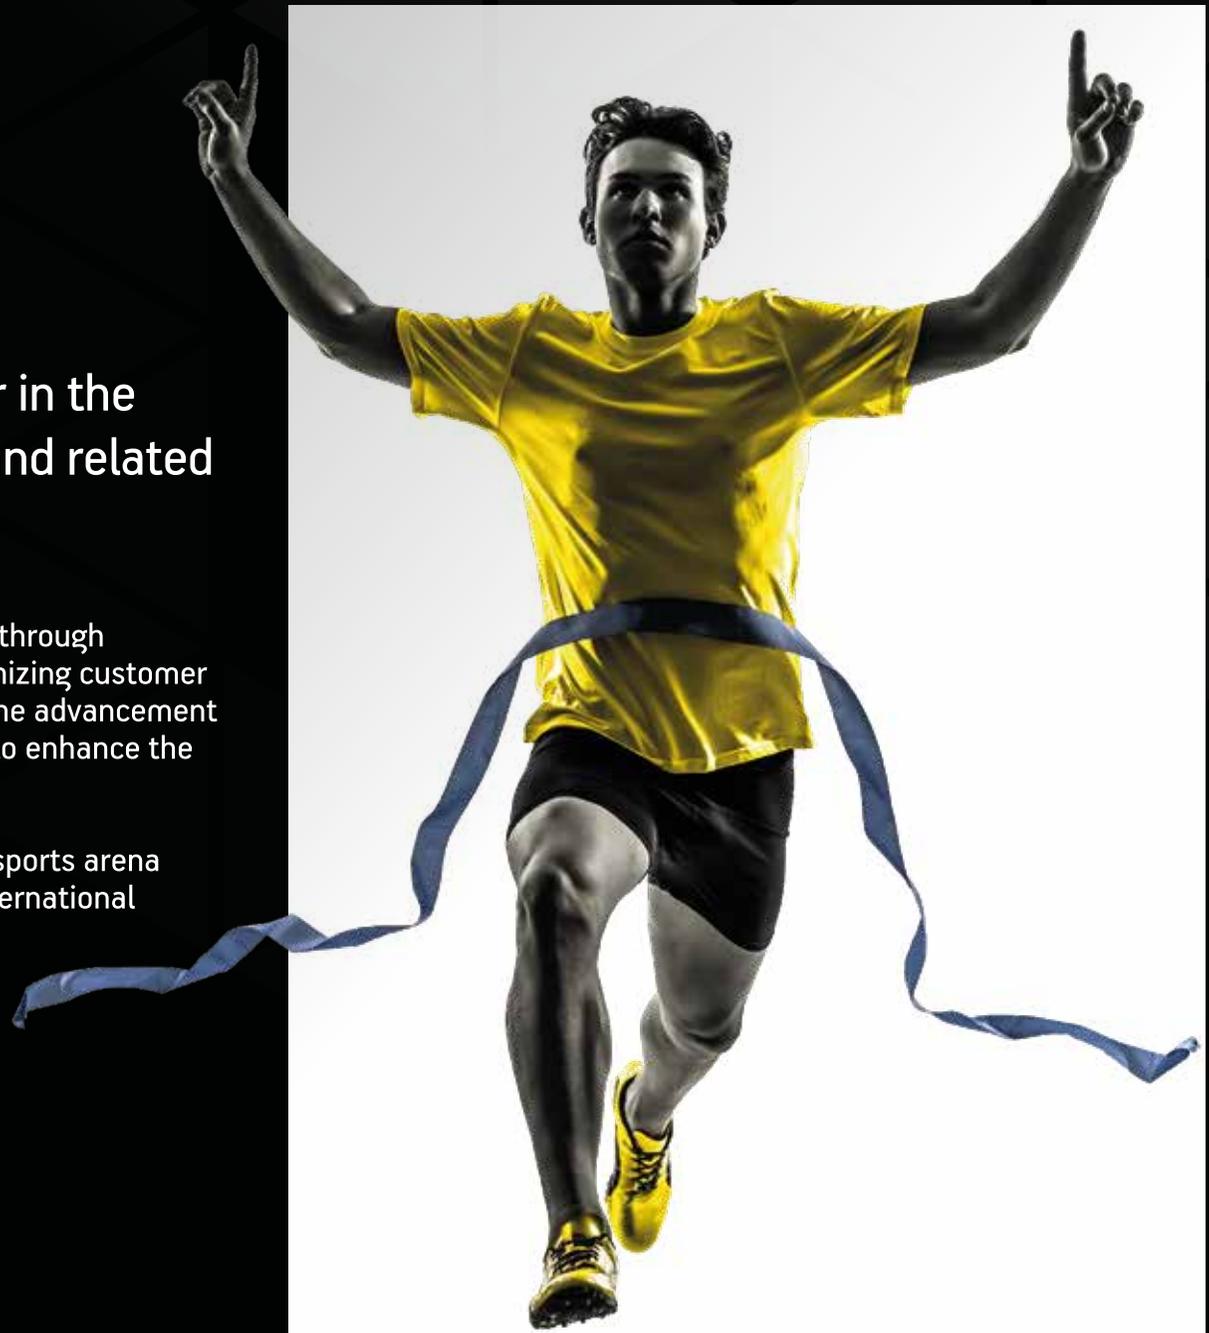

Our vision is to be a global leader in the construction of sports facilities and related product manufacturing.

We aim to maintain our leadership in the industry through innovation, quality, and swift delivery, while maximizing customer satisfaction on a global scale. By contributing to the advancement of sports and healthy living worldwide, we aspire to enhance the quality of life for communities.

We aim to take a leading role in the international sports arena by preparing countries for sports Olympics and international championships in the next five years.
